Tarif public

This is the reference rate of our apartments.

Tarif First

This is the best price you'll find if you book in advance.
This rate is not annulable and not repayable and its availability is restricted.

When is the Tarif First available ?

Availability at this price is good but limited and varies according to departure date, season and destination.
The earlier you book, the more likely you are to get this price.

What happens if the Tarif First is not available ?

We will offer you the nearest date available at Tarif First or a higher price, but still very advantageous.
If availability is very limited, the Tarif public will apply.
